

September 24, 2020

Dear Colleagues:

I am forwarding a link to the September 22 Executive Order (EO) issued by President Trump on diversity training that is directed at federal contractors, federal agencies and grant recipients of federal funds that should be reviewed carefully by all. NADOHE issued the following statement last week, which indicated our opposition to the termination of DEI education and development:

We stand by that position. NADOHE will continue to review the EO and monitor for further guidance on its contents. Again, I encourage each of you to carefully review the EO and its potential impact on your work within your respective institutions.
