Annual Summary

Chapter Events

FALL 2019

- 1) The Upper Midwest NADOHE Chapter co-hosted an event with the Higher Education Recruit Consortium in September 2019. Approximately 25 chapter members attended a professional development session titled “Gray Area Thinking” and facilitated by Ellie Krug at the University of Minnesota Twin Cities Campus.

The session provided an easy-to-understand toolkit on how to be more inclusive and welcoming of anyone who is “Other” in the workplace or in society. Participants explored ways in which individuals and organizations can move beyond grouping and labeling of other humans.

- 2) UMNADOHE Chapter members gathered for a social hour and planning meeting over lunch to discuss future chapter activities and upcoming elections.
